Orion earned a maiden \$0.21 million in Tenement royalties income during the year.

Orion's overall \$0.866 million net loss for the financial year is principally attributable to:

- \$0.652 million recognised as a share of an Associate entity's net loss – this relates to Orion's investment in Bentley Capital Limited (ASX:BEL); Bentley generated a net loss of \$3.582 million for the financial year (attributable principally to a \$2.745 million unrealised loss on its investment in Strike); and
- \$0.5 million unrealised loss from its investment in Strike Resources Limited (ASX:SRK), which declined in price from 11 to 6 cents per share during the financial year.

Orion accounts for Bentley as an Associate entity, which means that Orion is required to recognise a share of Bentley's net gain or loss in respect of a financial year based on Orion's (26.95% as at 30 June 2023) shareholding interest in Bentley (this is known as the equity method of accounting for an associate entity).

Orion and Bentley's financial performance is primarily dependent on the share price performance of Strike (in which Orion has 10 million shares and Bentley has 56.7 million shares).

Post-Employment Benefits: The Company does not presently provide retirement benefits to Key Management Personnel. Other than compulsory superannuation contribution and early termination benefits disclosed in 'Service Agreement' below, Key Management Personnel also have no right to termination payments save for payment of accrued unused annual and long service leave (where applicable) (these accrued employee entitlements are not applicable in respect of Non-Executive Directors). The Company notes that shareholder approval is required where a Company proposes to make a "termination payment" (for example, a payment in lieu of notice, a payment for a post-employment restraint and payments made as a result of the automatic or accelerated vesting of share based payments) in excess of one year's "base salary" (defined as the average base salary over the previous 3 years) to a director or any person who holds a managerial or executive office.

Service Agreements: The Company does not presently have formal service agreements or employment agreements with any Key Management Personnel.

Performance-Related Benefits and Financial Performance of Company: The Company does not presently provide short- or long-term incentive/performance-based benefits related to the Company's performance to Key Management Personnel, including payment of cash bonuses. The current remuneration of Key Management Personnel is fixed, is not dependent on the satisfaction of a performance condition and is unrelated to the Company's performance.

The Board does not believe that it is appropriate at this time to implement an equity-based benefit scheme or a performance related/variable component to Key Management Personnel remuneration or remuneration generally linked to the Company's performance but reserves the right to implement these remuneration measures if appropriate in the future (subject to prior shareholder approval where applicable).

In considering the Company's performance and its effects on shareholder wealth, Directors have had regard to the data set out below for the latest financial year and the previous four financial years.

1.2. Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board, Australian Accounting Interpretations and the *Corporations Act 2001 (Cth)*, as appropriate for for-profit entities.

Compliance with IFRS

The consolidated financial statements of the Consolidated Entity also comply with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 30 June 2023

Reporting Basis and Conventions

The financial report has been prepared on an accruals and going concern basis and is based on historical costs modified by the revaluation of selected non-current assets, and financial assets and financial liabilities for which the fair value basis of accounting has been applied.

1.3. Principles of Consolidation

The consolidated financial statements incorporate the assets and liabilities of the subsidiaries of Orion Equities Limited as at 30 June 2023 and the results of its subsidiaries for the year then ended. Orion Equities Limited and its subsidiaries are referred to in this financial report as the Consolidated Entity.

All inter-company balances and transactions between entities in the Consolidated Entity, including any unrealised profits or losses, have been eliminated on consolidation.

1.4. Comparative Figures

Certain comparative figures have been adjusted to conform to changes in presentation for the current financial year.

1.5. Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the Statement of Financial Position are shown inclusive of GST. Cash flows are presented in the Statement of Cash Flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

1.6. Dividends Policy

Provision is made for the amount of any dividend declared; being appropriately authorised and no longer at the discretion of the entity, on or before the end of the financial year but not distributed at the Balance Date.

1.7. Impairment of Assets

At each reporting date, the Consolidated Entity reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the profit or loss. Where it is not possible to estimate the recoverable amount of an individual asset, the Consolidated Entity estimates the recoverable amount of the cash-generating unit to which the asset belongs.

1.8. Leases

At the lease commencement, the Consolidated Entity recognises a right-of-use asset and associated lease liability for the lease term. The lease term includes extension periods where the Consolidated Entity believes it is reasonably certain that the option will be exercised. The right-of-use asset is measured using the cost model where cost on initial recognition comprises of the lease liability, initial direct costs, prepaid lease payments, estimated cost of removal and restoration less any lease incentives received.

The right-of-use asset is depreciated over the lease term on a straight-line basis and assessed for impairment in accordance with the impairment of assets accounting policy.

The lease liability is initially measured at the present value of the remaining lease payments at the commencement of the lease. The discount rate is the rate implicit in the lease, however where this cannot be readily determined then the Consolidated Entity's incremental borrowing rate is used.

Subsequent to initial recognition, the lease liability is measured at amortised cost using the effective interest rate method. The lease liability is remeasured when there is a lease modification, change in estimate of the lease term or index upon which the lease payments are based (e.g. CPI) or a change in the Consolidated Entity's assessment of lease term.

Where the lease liability is remeasured, the right-of-use asset is adjusted to reflect the remeasurement or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Exceptions to lease accounting

The Consolidated Entity has elected to apply the exceptions to lease accounting for both short-term leases (i.e. leases with a term of less than or equal to 12 months) and leases of low-value assets. The Consolidated Entity recognises the payments associated with these leases as an expense on a straight-line basis over the lease term.

1.9. New, revised or amending Accounting Standards and Interpretations adopted

The Consolidated Entity has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the AASB that are mandatory for the current reporting period.

Any new, revised or amending Accounting Standards or Interpretations that are not mandatory have not been early adopted. These are not expected to have a material impact on the Consolidated Entity's financial statements.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF ORION EQUITIES LIMITED

Opinion

We have audited the financial report of Orion Equities Limited (“the Company”) and its controlled entities (“the Group”) which comprises the consolidated statement of financial position as at 30 June 2023, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended on that date and notes to the financial statements, including a summary of significant accounting policies and the directors’ declaration.

In our opinion the financial report of the Group is in accordance with the *Corporations Act 2001*, including:

- (i) giving a true and fair view of the Group’s financial position as at 30 June 2023 and of its financial performance for the year ended on that date; and
- (ii) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under these standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Report* section of this report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board’s *APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the “Code”) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor’s report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
ORION EQUITIES LIMITED (continued)**

We have determined the following key audit matter to communicate in our report:

<i>Key Audit Matter - Going Concern</i>	<i>How our Audit Addressed the Key Audit Matter</i>
<p>The financial statements have been prepared on a going concern basis as disclosed in Note 1 to the financial statements.</p> <p>We have included going concern as a key audit matter as the Group relies on existing cash reserves and the realisation of financial and non-financial assets generating sufficient cashflows to cover future expenditure.</p>	<p>In assessing the appropriateness of the going concern assumption in preparing the financial statements our procedures included the following:</p> <ul style="list-style-type: none">• Assessing the cash flow requirements of the Group over the next 12 months based on the historical and budgeted cash outflows;• Considering the liquidity of assets on the balance sheet; and• Assessing whether the disclosures included in the financial report meet the requirements of Australian Accounting Standards.

Other Information

The directors are responsible for the other information. The other information comprises the information included in the Group's annual report for the year ended 30 June 2023, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If based on the work we have performed we conclude there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Directors' Responsibility for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with the Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or cease operations, or have no realistic alternative but to do so.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
ORION EQUITIES LIMITED (continued)

Auditor's Responsibility for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: www.auasb.gov.au/Home.aspx.

We communicate with the directors regarding, amongst other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe those matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communications.
